Profile

Learning designer and program manager with experience in entrepreneurship, workplace communication, and competency assessment. Develops programs from training needs analysis and curriculum design through delivery, evaluation, and client reporting. Combines a psychology background with learning analytics, including monitoring and evaluation for 5,000+ learners.

Core skills

Training needs analysis (TNA) • Competency mapping • Curriculum and workshop design • Facilitator guides and workbooks • Program operations • Stakeholder coordination • Monitoring and evaluation (M&E) • Assessment design • Learning analytics

Professional experience

Learning and Development Specialist, Freelance

Eighteen Rekrutmen Asia, Jakarta | Jan 2026–Present

- Developed L&D strategy, macro training needs analysis, competency maps, and competency-based syllabi, with supporting business plans and training-solution marketing materials.
- Built return-on-training-investment calculators, Kirkpatrick Level 1 and 2 dashboards, and assessment tools for role mapping, calibration, and competency-gap action plans.

Learning Designer, Freelance

Kerja Cer-Dias, Jakarta | Apr 2025–Present

- Designed learning programs from needs analysis and competency-based proposals to 36-hour lesson plans, facilitator decks, post-tests, observation rubrics, and behavior-transfer tools.
- Created workshops for communication, employability, entrepreneurship, service excellence, and wellbeing, using role plays, reflection prompts, and practical exercises.
- Developed mentoring and coaching workbooks, idea-to-pitch activities, and pitch templates, alongside maritime communication and psychological-safety practice materials.

Machine Learning Engineer, Assessment Project

Badan Kepegawaian Daerah Provinsi Jawa Barat, Bandung | Oct 2025–Dec 2025

- Designed a retrieval-augmented generation (RAG) autograding system for civil-service competency assessments using 100,000+ records across case analysis, behavioral interviews, and QKom forms.
- Structured a knowledge base of 9 competencies, 27 behavioral indicators, and 3 proficiency levels; curated 56,871 behavioral-indicator sentences for retrieval.
- Benchmarked 3,921 test sentences and reported 84–92.5% accuracy across assessment types.

Learning Program Manager

Rumah Siap Kerja, Jakarta | Mar 2023–Apr 2025

- Managed entrepreneurship, training-of-trainers, and micro, small, and medium enterprise (MSME) programs, covering curriculum, content, operations, partner coordination, and evaluation.
- Delivered two three-day NHI Bandung Entrepreneurship Bootcamps for 57 students with a reported 100% Net Promoter Score (NPS); standardized agendas, checklists, and trainer coordination.
- Developed MSME financial-management and incubation materials with hands-on exercises; one program reported 100% NPS and 50% learning gain.

Professional experience, continued

Monitoring & Evaluation Specialist

Rumah Siap Kerja, Jakarta | Aug 2022–Mar 2023

- Designed evaluation frameworks, indicators, pre/post tests, behavior-change surveys, and satisfaction forms, with baselines and data-quality checks for youth, community, and MSME programs.
- Analyzed data from 5,000+ students and 24 partner inputs; reported 53% improvement in entrepreneurship efficacy and 56% improvement in purchase performance.
- Built five Excel/Tableau dashboards and client reports with trends, before/after comparisons, and recommendations for curriculum and program operations.
- Facilitated competency assessments for 300+ candidates through behavioral interviews, role plays, and group case studies to inform talent-gap analysis and individual development plans.

Earlier experience

Research and Development

Factor Indonesia, Bandung | Jan 2021–Feb 2022

- Developed FCAT cognitive-ability test items and refreshed norms for ages 11–53, with reliability of at least 0.70 on most subtests.
- Authored 1,000+ pages of career-reference material linking Indonesian occupations to education, skills, and RIASEC interests; produced five psychometrics learning videos in two weeks.

Training Designer & Facilitator

PT. Hitam Putih Sandiatma | Nov 2020

- Designed a career training program for 200+ participants around 6 competencies; facilitated three learning games for 8 participants with 4.8/5 feedback.

Curriculum Developer Intern

Satu Persen, Indonesian Life School, Jakarta | Jul 2020–Aug 2020

- Built learning paths, materials, worksheets, and psychological-test content; revised modules using learner feedback and webinar conversion insights.

Selected work
