

Understanding Portfolio at its Finest.

Interactive

Prologue Question

 " if you have **Portfolio** already
in your device to apply for
opportunities 
(e.g., **jobs/internship/part-time/
freelance**)"

We're Hiring!

Interactive

Prologue Question

In a scale of 1-10, how confident are you with your **portfolio**

Portfolio

A **portfolio** is a collection of your experiences, skills, and accomplishments. It's a way to showcase their professional projects, or collaborative work.

<https://www.resume-now.com/job-resources/jobs/resume-portfolio/>

My latest
Showcasing

What's on your mind when it comes to Portfolio?

Your asset serves as a tool to highlight and summarize your **professional journey**.

Ensure that anyone who reads it can easily grasp your **expertise, skills, and experience** at a glance.

When words become unclear, I
shall **focus** with *photographs*.
When images become
inadequate, I shall be content
with *silence*.

PORTFOLIO MOONING

A **portfolio** is a curated collection of a person's work, experiences, skills, and qualifications, designed to showcase their professional capabilities for opportunities such as jobs, projects, or collaborations.

Showcasing Your Projects

Flex yourself

+ What recruiters look for in job seekers:

- Resumes Tailored to the Open Position - 63%
- Skill Sets Listed First on a Resume - 41%
- Cover Letters - 40%
- Application Addressed to the Hiring Manager - 22%
- Links to Personal Blogs, **Portfolios**, or Websites - 16%

(Careerbuilder)

Did You Know?

Why a portfolio is important

projects, or collaborations.

"...to present your work to potential employers and display the skills that qualify you for a position."

Flex yourself

- Cover Letters - 40%
 - Application Addressed to the Hiring Manager - 22%
 - Links to Personal Blogs, **Portfolios**, or Websites - 16%
- (Careerbuilder)

Portfolio for **HR** and **User**

HR perspective: Proof of Soft Skill

- Communication
- Strategic Thinking
- Analytical Thinking
- Creativity

User perspective: Proof of Technical Skill

- Technical Communication
- Problem Solving
- Tools & Analysis Utilizations
- Achievement
- Personality & Team Fit

Type **Portfolio** (Platform)

Website-Based

An online page (or a few pages) where you put info, pictures, and updates about your side hustle. Think of it like **a personal mini-site anyone can visit** if they have the link.

PowerPoint-Based

A slideshow you make **using PowerPoint/Google Slides/Canva**. Each slide covers part of your hustle—like a digital poster board.

Example

Portfolio Digital Marketing (Murmard)

Type **Portfolio** (Industry)

Tech (Data Analyst, Software Engineer, Front-end, etc.) Usually by using **GITHUB**

Designer (UI/UX, graphic designer, 3D artist) Usually by using **Behance & Dribbble**

PERKS OF HAVING PORTFOLIO

Showcase Your Best Work

Allows you to present tangible examples of your skills, accomplishments, and expertise

Make a Strong First Impression

A well-designed portfolio creates a polished professional image.

Boost Online Visibility

Enhances your digital presence, making it easier for employers or collaborators to find you.

1. Contextual

- What **position** you're applying?
- Who's your **audience** / going to read this portfolio?
- What **problem** are you solving?
- Why do these **metrics** matter?
- What **insight** did you uncover?
- How **transferable** is this work?

2. Relevant Content

- What they need to know - that I'm the **qualified person for the job**?
- Which "**proof**" - past work that I should put to **display my skill**? Double Check!
- Does the content in your portfolio match with the description in your CV?

3. Layout & Design

- Which should I put first (**priority**) that shown relevant qualification for the job?
- How can I make this portfolio interesting **to see & easier to read**?

Portfolio Structure

The structure of your portfolio influences how visitors navigate and interact with your content.

Consider these main sections:

- ✓ **Home:** Make a compelling first impression and provide a brief overview.
- ✓ **About Me:** Share your background, journey, and passion for software engineering.
- ✓ **Experiences:** Share your educational and work experiences
- ✓ **Skills and Abilities:** Showcase what skill you good at it.
- ✓ **Projects:** Showcase your key projects, demonstrating your technical skills.
- ✓ **Blog (Optional):** Share insights, tutorials, or thoughts on industry trends.
- ✓ **Contact:** Provide a way for visitors to get in touch.
- ✓ **Resume:** Include a downloadable or accessible version of your resume.

YOUR NAME HERE

Digital Marketing Portfolio

Your Position

Digital Marketing Portfolio | 2025

Do's:

- Be **Contextual**: aligned with the job you're applying (already there)
- Keep it **Clean and Minimalist**: avoid unnecessary clutter
- Use **Consistent Branding**: **fonts, colors, and style** should reflect your professional identity
- **Highlight Key Credentials**: certifications, awards, or unique value proposition
- Ensure **Readability**: high contrast between background and text
- **Personalize**: tailor the design slightly for the company/role

Common Elements Portfolio Cover + About Me

This section should explain how:

1. Your profile summary that emphasize your **skills and tools**
2. It fits with gig work **market needs**

About Me

02

Education

03

Experience

04

Project

05

Skills Tools

The portfolio is constantly being updated as more projects are being done. The decks that are going to present, as the time of writing, are mostly created during the project in **XXX** based on both dummy and real-basec study cases.

Digital Marketing Portfolio | 2025

Do's:

- Keep it **clear and simple**: use short section titles (e.g., **About Me, Skills, Projects**).
- Use **logical flow**: arrange sections in a natural storytelling order.
- Add **page numbers** or **slide numbers**: makes navigation easier.
- **Highlight updates** (if needed): like the **"Last Updated"** note already shown.
- **Maintain consistency**: **font, icons, and design** should match the rest of the deck.
- **Ensure alignment with the content**: all items listed should appear later in the portfolio.

Example

About Me

ABOUT ME

Hi, I'm **XXX**

insert your anecdote here such as
"and I'm here to give you more
leads"

Here you can add a summary about your background story, why you want to be a **Digital Marketing**, and what separates you from the rest. You can insert bootcamp here as part of your experience in learning **Digital Marketing**. You can also insert a bit of **Digital Marketing Skills and Tools**, but only a short one.

Digital Marketing Portfolio | 2025

Do's:

- **Tell your story:** personalized & engaging self-introduction (already listed)
- Highlight your **unique value:** what makes you different from other candidates
- Show **passion & motivation:** why you chose digital marketing and what excites you about it
- Keep it **concise:** balance between detail and readability
- Add a **touch of personality:** hobbies, interests, or values (if relevant to the role)
- Make it **visually engaging:** professional photo, clear headings, and easy-to-skim text

Education

Do's:

- Highlight relevance: **emphasize courses/certs** that directly support the role you're applying for (already mentioned).
- Keep it **organized: group certifications** by category (analytics, ads, social media, etc.).
- **Use official logos** smartly: they add credibility, but keep the design consistent.
- **Mention key takeaways:** add 1–2 specific skills learned (e.g., “Google Analytics: campaign tracking, reporting”).
- **Include formal education** briefly: degree/major/minors, but let certifications shine if more relevant.

Skills & Abilities

SKILLS & ABILITIES

Meta Ads

Google Ads

Screaming
Frog

Ahrezh

Campaign
Optimization

SEMrush

Leadership

Communication

Digital Marketing Portfolio | 2025

Do's:

- **Highlight your strongest tools/skills:** focus on areas where you're truly proficient (already listed).
- **Include soft skills:** communication, teamwork, problem-solving, if relevant to marketing.
- Keep it organized: **group skills into categories** (Digital Marketing, Tools, Languages, Soft Skills).
- **Use consistent icons/logos:** makes it visually neat and professional.
- **Tailor for the job role:** emphasize skills most relevant to the target position.

Example

1. Skills & Abilities should describe your skills and how they align with your career goals.

- **Hard Skills:** Technical abilities or specific skills that can be learned and measured, usually through education or training.
- **Soft Skills:** Non-technical abilities that relate to traits, behaviors, and ways of interacting with others.

2. Focus on technical skills such as programming languages, editing tools, etc.

Data Analytics Portfolio | 2025

Do's:

- Be **relevant**: include only jobs or projects that align with the role you're applying for (already listed).
- **Show impact with metrics**: highlight results (e.g., "**Decreased CPC by 30% in 3 months**").
- **Use action verbs**: start bullet points with words like "**Developed,**" "**Led,**" "**Optimized.**"
- **Highlight achievements** over tasks: focus on outcomes, not just duties.
- **Include internships/freelance work**: if they add value and relevance.
- **Keep formatting consistent**: **job title, company name, and dates in the same structure.**

Project

NOTABLE PROJECTS

List down projects that have good result and contextualized

1. Rakamin's HR Dashboard Visualization
2. PPKD Jakarta Sales Data Visualization
3. Mutual Fund Investment (Python)
4. World's Life Expectancy (Spreadsheet, SQL, Python)

Data Analytics Portfolio | 2025

Do's:

- Be **relevant**: include only jobs or projects that align with the role you're applying for (already listed).
- **Show impact with metrics**: highlight results (e.g., "**Decreased CPC by 30% in 3 months**").
- **Use action verbs**: start bullet points with words like "**Developed,**" "**Led,**" "**Optimized.**"
- **Highlight achievements** over tasks: focus on outcomes, not just duties.
- **Include internships/freelance work**: if they add value and relevance.
- **Keep formatting consistent**: **job title, company name, and dates in the same structure.**

Details

Company Name Job Title

Period of project (MM/YY)

List your scope in
The Project such as:

- * Data Cleaning
- * Data Visualization
- * Dashboard Management
- * Data Reporting

Project Description

Add more description about the project / campaign.

* What is the objective?

Show "proof": Example of content/data/etc

* How was the result? Any achievement?

Data Analytics Portfolio | 2025

Do's:

- **Prioritize relevance:** Include only projects, roles, or case studies that directly demonstrate data analysis skills (**SQL, Python, Excel, BI tools, statistics**) aligned with the target role.
- **Quantify impact with metrics:** Clearly state results using numbers, percentages, or deltas (e.g., **"Reduced churn by 4.2% through cohort analysis" or "Improved forecast accuracy by 18%"**).
- Use **strong analytical action verbs:** Start each bullet with verbs such as **Analyzed, Modeled, Built, Optimized, Automated, Validated, Visualized, or Forecasted**.
- Emphasize **insights over activities:** **Focus on what the analysis revealed and changed**, not just what tools were used (e.g., insights, recommendations, decisions influenced).

Call to Action

ADD CALL TO ACTION

Personalized Call to Action message: i.e. "let's collaborate" or "reach me to reach your performance goals"

E-mail

Add your email

Mobile

Add your email Mobile Add
your mobile phone number

LinkedIn

Add your linkedin Link

Data Analytics Portfolio | 2025

Do's:

- **Be informative:** include essential details (**email**, **phone**, and **LinkedIn link**).
- Keep it professional: **use business-friendly email addresses** (no nicknames).
- **Add clickable links/icons:** make it easy for recruiters to reach you.
- Highlight one **clear CTA (Call to Action)**: e.g., "View my portfolio" or "Let's connect."
- **Maintain design consistency:** **fonts, colors, and icons** should align with the rest of the portfolio.
- Double-check accuracy: **ensure no typos** in phone numbers, emails, or links.

Portfolio Structure

The structure of your portfolio influences how visitors navigate and interact with your content.

Basic Digital Marketing Project portfolio in details

Me: Share your background, journey, and passion for software engineering.

Experiences: Share your educational and work experiences

Skills and Abilities: Showcase what skill you good at it.

Projects: Showcase your key projects, demonstrating your technical skills.

(Optional): Share insights, tutorials, or thoughts on industry trends.

Contact: Provide a way for visitors to get in touch.

Resume: Include a downloadable or accessible version of your resume.

*Extra Notes

Not All Job Requires Portfolio

Some jobs can't showcase portfolios due to:

1. **Confidentiality** (e.g., handling sensitive data using NDAs).
2. **Non-Tangible Work** (e.g., medical doctor).
3. **Client Privacy** (e.g., ghostwriting and private contracts).

Workarounds: Use test projects, anonymized samples, or skill certifications instead, white labelling.

Thank You

Sampai jumpa nanti!
